**ADA CERP**® | Continuing Education  
Recognition Program

American Orthodontics is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

American Orthodontics designates this activity for 6 continuing education credits.

## Controversies in Orthodontics

- Define evidence-based dentistry, and how it differs from Evidence-based clinical practice (EBCP)
- Evaluate efficiency and effectiveness in orthodontic practice from an evidence-based perspective
- Discuss the mechanical deficiencies of the Straight-wire (pre-adjusted appliance)
- Evaluate whether or not there is an advantage to SL brackets along these dimensions: oral hygiene, comfort, length of treatment, ease of inserting and removing arch wires
- Evaluate slot-size, bracket width, "play", force diminution, and expansion in regard to orthodontic efficiency and treatment outcomes
- Describe guidelines for extraction and non-extraction protocols
- Evaluate the evidence on whether or not extractions "dish-in" the face and narrow the dental arches
- Evaluate the evidence in regards to "early treatment"
- Evaluate the efficiency of early treatment
- Discuss the ambiguities in regards to the evidence regarding "early treatment"
- Describe Dugoni's protocol and rationale for "early treatment"

## About Dr. Dan Rinchuse

One of the industry's leading experts in orthodontic research, Dr. Dan Rinchuse will speak on Evidence Based Orthodontics and how evidence has guided him in developing the latest technique and appliance breakthrough with American Orthodontics.

For over thirty years, Dr. Dan Rinchuse has remained firmly entrenched as a leader in orthodontics - in the arenas of academic research, teaching, and private practice. He received his D.M.D. in 1974, M.S. degrees in Pharmacology/Physiology in 1974, M.D.S. in Orthodontics in 1976, and his Ph.D. in Higher Education in 1985. He completed all coursework at the University of Pittsburgh.

Dr. Dan Rinchuse is a Professor and Associate Director of Seton Hill University Graduate Program in Orthodontics. He has authored over 60 articles in peer-reviewed journals. He is a Diplomate of the American Board of Orthodontics, and an editorial consultant for a number of peer-reviewed journals such as the American Journal of Orthodontics and Dentofacial Orthopedics. In addition, Dr. Rinchuse maintains a private orthodontic practice.
